Flipping Houses for Profit: *Still Possible in Riverside County?*

Interior Design Secrets to Flipping Houses

Jeanette Fisher, author of *Doghouse to Dollhouse for Dollars* and *Home Staging with Design Psychology*, will teach a low-cost real estate seminar Saturday, January 27, at Mt San Jacinto College, Menifee Valley Campus.

The only real estate investing seminar to reveal interior design secrets to fixing houses helps first-time home buyers and investors fix houses for less and sell for more.

Learn how to find, finance, fix and sell houses for profit in any market. Explore fresh ideas for fixing houses using interior design methods that make houses simply irresistible to buyers.

See slides of fixers before, during and after transformation, including the Fisher's home featured on this season's TLC's TV show *Flip That House*. The author gives away a free ebook *The Truth about Making Money Flipping Houses*:
